KNESSES YISROEL CRY BITTER TEARS

A bitter day dawned on Klal Yisroel when it was known that the Shochet (slaughtere) who was a shochet and bodek close to fifty years for the orthodox community in New York, was for tens of years the head of the shoctim, lauded by the shoctim and was the one who they were reluctant to fire from his position because he terrified all the shoctim and made them work like slaves in shchita and bedika (this kind of shchita is considered Nveilos and Treifos by the Shulchan Aruch). He considered himself royalty and whoever dared oppose him suffered terribly. This is the shochet who was caught last year slaughtering with a defective knife. When he was caught he had the nerve to retaliate against ten shoctim who cried "Nveila!". He mixed together the animals he slaughtered with the other animals to make certain that everybody should eat from the Nveilos he shechted. When this matter was revealed to the general public, they immediately stopped eating meat (Yisroel is a holy nation) and they had no choice but to fire this shochet.

Those who are Medakdek (scrupulous), after this incident, decided to abstain from meat once and for all. It is now known that evidence was collected against this shochet for doing many shocking acts but it was all covered up.

After a short while, this shochet returned to his duties as a bodek with a Mashgiach (suupervisor) assigned to him. Anybody who is familiar with the mass slaughtering of fifty or sixty animals an hour, understands that a Mashgiach is worthless if the shochet is not dependable.

It is now known to us all that a major Admor who relied all this while on the shechita, decided with a few Rabbonim to return this shochet to his job in shechita and to "Bedikas Panim" (for which you require a very reliable bodek). This greatly angered the Rabbonim Machshirim. He also tried to include Rav Pam of Williamsburg and refused to face the clear facts and Rav Pam had already announced that his Hashgacha is only on the butcher in Williamsburg, not on the shchita and bedika.

"KOL B'ROMO NISHMA NHI BCHI SAMRURIM< SCHINA HAKDOSHA M'VAKO AL BONEHO" The holy Shchina is crying on her children.

Her children are being trampled upon by the tyrants of our nation who have the power and leadership on the souls of Bnei Yisroel. They hire Shoctim and Bodkim that are unreliable and unfit and the Nveilos and Treifos leave their hands and against our will, contaminate the souls of Yisroel. All the people aware of the situation around them are sitting with folded arms and are afraid to oppose this bully. WOE ONTO US THAT THIS HAPPENED IN OUR DAYS.

How will you save face in front of the Avos when because of a slight test that you failed, you chopped off the Shilshelas - the last link.

The "Machlo Gedolah" is the ones who lead the defective shochtim and derend them. You should know that whole nations and communities in Europe and here in America have been wiped out because of the consumption of Nveilos and Treifos.

The Satan is still circulating among us. There is no solution except to abstain and be strict on ourselves and our children from eating meat. The ones who listen to our words will live securely and will see Doros Yeshorim and blessed with good children until the coming of Moshiach.

This should be enough of a lesson to those few who did not stop eating meat and still eat it on Shabbosim, Yomim Tovim and let their children eat it.

See how you are endangering your souls and the souls of your children. After it was as clear as day that this shochet's shchita is forbidden, they secretly rehired him because of business considerations.

AT THE END OF THE DAYS THERE WILL ONLY BE THE VOICE OF YAAKOV TO SHOUT AND WARN.

OUR VOICE SHOULD BE HEARD FROM ONE END OF THE WORLD TO THE OTHER.

Precious Jews, the children of Avrohom, Yitzchok, and Yaakov, who were worthy to continue the heritage of their fathers, generation after generation, from Matan Torah until today even though in the span of the thousands of years hundred of thousands of Jews fell to the wayside. Only a fraction of the Jews were worthy to continue in their father's ways and those are the ones who are Dveikim Bahashem Elokeichem today. They are the continuation of the true Klal Yisroel. Chas V'Shalom they should not fear nor tremble from the tremendous catastrophe which is standing with an outstretched sword to destroy the remnants of Yisroel. She has no hope Chas V'Chalilah and all the generations from the Avos until today will be lost.
