

זעקה גדולה ומרה

A Fierce and Bitter Outcry

A well known shochet (ritual slaughterer) that was witnessed by kosher witnesses from our community slaughtering animals with a defective knife (Sakin Pogum) was removed from his position by our Rabbonim.

Now to our dismay, a few Rabbonim have reinsated him as a shochet and he will now again feed the community Nveilos and Treifos.

None of the other Rabbonim are opposing them, each out of fear. We do not have any recourse because even the individuals who wish to abstain from meat will have their sons and daughters fed meat in school, Yeshiva, and summer camp and who can be obstinate and not send their child to school and camp?

WE WILL CRY A LOUD AND BITTER CRY because Hashem has placed us in the hands of those we cannot overcome and against our will our souls and souls of our children are being contaminated.

TORAH, TORAH, GIRD YOURSELF IN SACKCLOTH that he essence of Judiasm is being decided upon by the wheels of politics whether to permit or to deny. The Torah is not doing the judging and we have other teachers besides Hashem Yisborach and his Holy Torah and that is the downfall of Klal Yisroel.

WHAT WILL BE OUR FUTURE? The Divrei Chiam bears witness and states that the German community was destroyed by lax shoctim.

The previous generation in America was flooded with forbidden foods, Neveilos and Treifos and that way they fell into the abyss of Tumah as we can see with our very eyes.

NOW THE SATAN HAS STRENGTHENED HIMSELF TO CONTAMINATE US AND OUR CHILDREN CHAS V' CHALILAH.
