**THE EXILE HAS HURT US ENOUGH LET´S GO BACK
HOME TO OUR MOTHER ERETZ YISRAEL**

Realize this, o fellow Jew! From now on do not seek rest anywhere except by your true mother, Eretz Yisrael. Only our true mother will console us after all of the severe hardships that have befallen us, and after all of the pain that the stepmother has inflicted upon us....

How much money did our ancestors invest in these lands? They built palaces, castles, and great halls, because each one of them thought, This is my resting place forever; here I will dwell, for I have desired it (Tehillim 132:14). They completely disregarded their true mother, Eretz Yisrael. The Shelah and the Chatam Sofer bemoan the fact that some Jews become completely absorbed in Chutz LaAretz. They build themselves houses and palaces and invest all of their silver and gold in "Chutz LaAretz" property, in order to enhance and expand the stepmother's boundaries. But, they neglect to establish the boundaries of the widow, our righteous mother who cries and laments over us. They do not even consider doing anything for her benefit. They only care and desire to make an honorable living and build a big house with a courtyard made of hewn stones. [They build it] to last for many years, so that they can bequeath it to their children and grandchildren who will be born on foreign soil, [for] they hope to see many offspring and live long lives in exile.

In this way, we lost hundreds and thousands of years in exile and gave all of our strength and wealth to our stepmother. And now, we "merited" to receive her expression of gratitude for all of the effort that we expended on her behalf. She took a staff and hit us cruelly and mercilessly. She wounded our entire body; from the sole of the foot to the head, there is nothing whole.

These are the deeds of our stepmother. Now, should we put our faith in her for the future and return to her once again? How can we be so sure that after a few decades she will not do this to us again? Indeed, we see that the Gentiles have treated us this way during every period of our history. But, we have yet to learn that we must no longer put our trust in the lands of exile. Therefore, my brothers and sisters, No! No! We will no longer return to our stepmother. Instead, we will arise and go up to our true mother and devote all of our strengths to her, from now and forever, to build up her walls and repair her ruins. Be strong and let us be strong for the sake of our people and for the sake of the cities of our God, and the good Lord will make a good sign for us,³⁴⁰ and our enemies will see and be ashamed
