Please be advised of serious crisis facing Jewish people (chas V'sholom). This is most critical period in Jewish history. Negligence of all those dealing with and responsible for kosher meat and NIKUR is at lowest ebb since tragedy in "CITY of CRAKOW". The one's responsible are Rabbis (all) Shochtim, butchers, menakrim etc.

Widespread devastation (too numerous to mention) taking place in many Jewish homes, unknown to th general public.

THEREFOR, we tenderly beseach, beg, implore, appeal, supplicate, entreat, pray and petition with all powers at our command to all those and anyone responsible to "CEASE and DESIST" this very day from consuming any more meat unless it be "MENAKARD" by a MENAKAR who possesses a Kaboleh (diploma-license) the very same as a Rabbi or a Shochet has.

Those engaging in a profession in mundane matters -- etc. plumber, electrician, bricklayer --- must posses a license being given authority to perform such work. It is a fortirio (ka'al v'chomar) why should'nt a "MENAKAR", whose function and labor is a HOLY TASK, be required to evidence his qualifications by a duly authorized licensed Kaboleh. After - all, the longevity of our very lives depend upon his endeavors; those who transgress the prohibition of CHAYLEV incur the penalty of excision - being very well defined;--
"The Divine Will to terminate one's life" - lo olanu.

With the cessation of our eating non-authorized MENAKARD meat "TODAY", we are confident the Al-mighty, will in His mercy, have rachmonis upon us and turn our sadness into gladness from this day forth and for-ever more.

We are doing what we feel we have to do , We wish to pursue the truth no matter where it leads. Doubt, in and by itself, is blasphemy ! ! !

We have done our part, now G-d Al-mighty is watching- anxiously waiting for you to do yours.

We rest our case.
